

Bosland, Rethinking a pine plantation

PONC-conference 12-13 juni '23

Dries Gorissen, agency for Nature and Forests

Natural capital to cherish

in transition

Heathlands of high quality

European epicentrum for inland landdunes

Ladybird spider, endemic jewelery

sophisticated -> more sophisticated -> Alcon blue

The system under the waterline

Production objective yields biodiversity

Sylvo pastoral management in historical estate

One species, many interactions, interminable effects

Conservation, restoration, transition and integration

The MANAGEMENT UNIT

The management plan...

Permanent

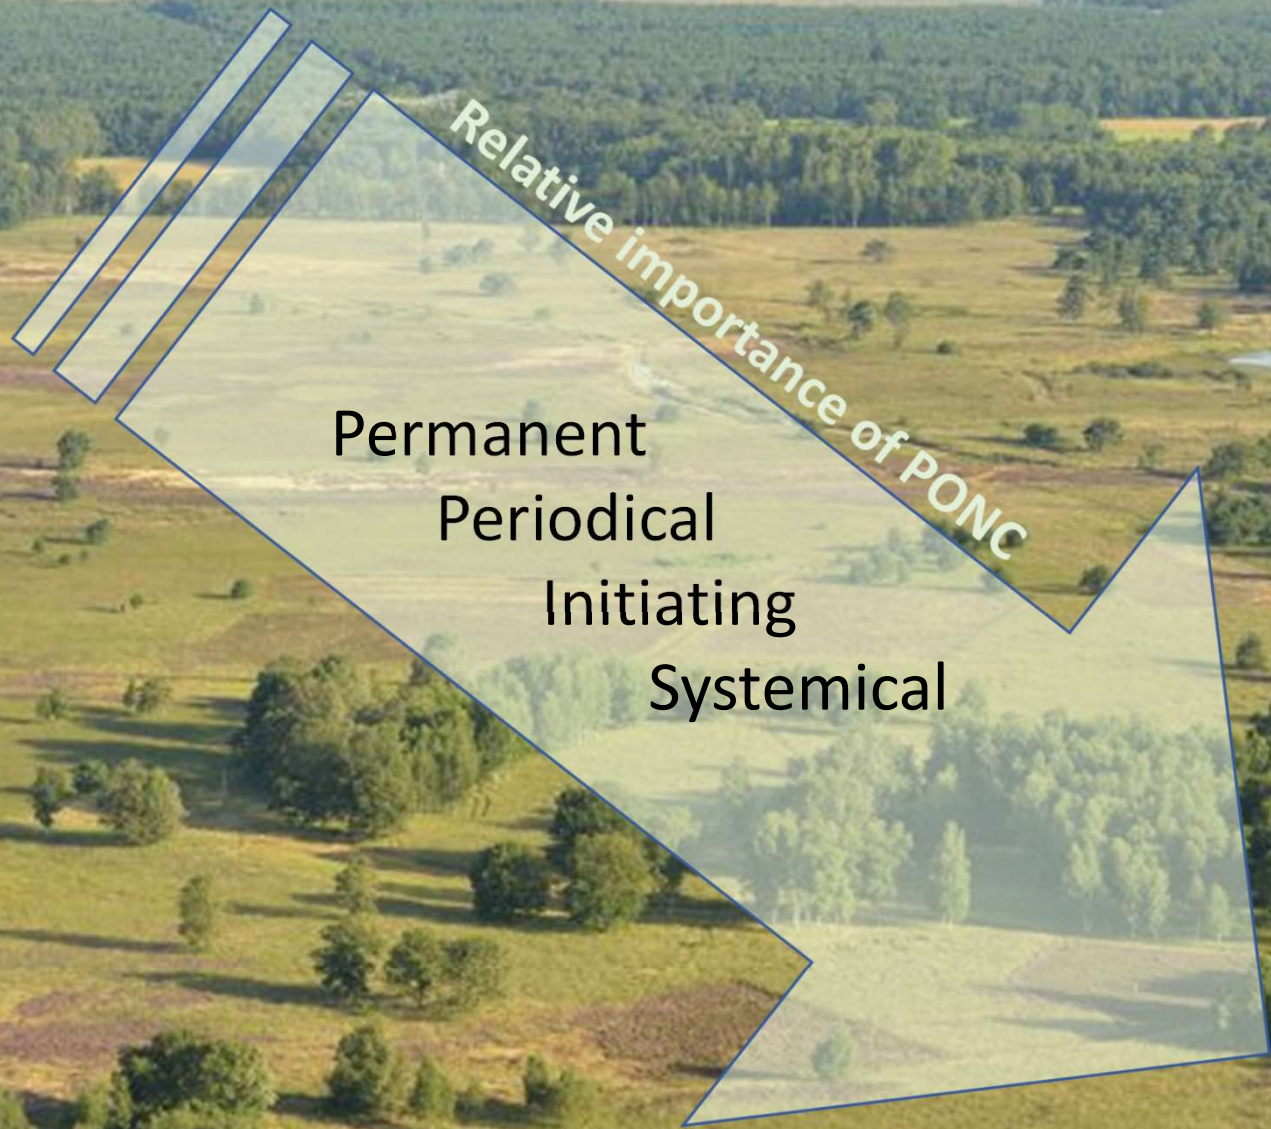

Periodical

Initiating

Systemical

With nature

Come, feel, know, respect, protect...

To understand, restore, allow, leave... and to enjoy
